Bid #2024-07

Insurance Agent of Record Services

Addendum #3

If you have cyber coverage, it may be an easy one to email over if CIRMA placed it and emailed it to you.
We're not looking for a cyber broker with this RFP

I am realizing you may not have the LAP/WC loss run data, since CIRMA only now sends open claim info to the members. But if you have any CIRMA stewardship reports that showed bar charts or graphs depicting a 3-5 year loss history, I've seen that format before.

We do not have those

If you know the LAP budget stabilization period, will be helpful as I lay out our strategy in the response.

FY24-FY26
