Bid #2020-08

Electronic Community Sign
Addendum #1

Q: Is the sign to be double or single sided?

A: The sign would be double sided, with the 2 sides less than 12" deep and sitting perpendicular to Farmington Avenue so that it can be read by both east and west bound traffic. In other words, if less than 12" deep – each side can have a 20 sq.ft. sign area.
