8:30 a.m. to 3:30 p.m.

Please excuse the temporary inconvenience and possible discoloration of your water while seasonal flushing is performed. Please refrain from doing laundry until your water runs clear. Should you experience rust-colored water in your wash, re-wash the laundry with your regular soap and add about 4 ounces of cream of tartar to the wash. Please recognize the flushing process helps to ensure clean water lines, and improves our ability to provide you with safe, clean drinking water.
