

November 18, 2022

Bid #2023-10

Equipment Rental

Addendum #2

Please be advised of the following changes:

- Change the Snow Blower rating from 1,400 tons per hour to 3,000 tons per hour. It should read like this - Snow Blower for Town Loader (JD 544J, 3 yard), no operator, minimum 3,000 tons per hour
- Add “, with operator” at the end of the Skid Steer item, so it reads like this - Skid Steer (75 Hp min.) with 7-foot minimum width Snow Blower capable of loading dump trucks, with operator
